Patron of the Universal Church . . .
Patron of a Happy Death . . . but . . .
basic to it all . . . a man, and . . .
Patron of Workingmen. Set up as
a model before us . . . he is the one
we naturally turn to . . . when in need . . .
when in doubt . . .
when . . . ever we want something . . . anything.
We do not always forget . . . however . . .
to think of him at other times . . .
times like this . . .
times when we want to give special
evidence of . . . the respect . . . admiration and . . .
love . . . that we hold for
our own . . . special . . .

ST. JOSEPH

OF THE TWIN TOWERS

Our Theme: *Student Community*

A true community is not merely a mechanical grouping of people of odds, nor a juxtaposition of isolated persons, who are joined together by a mere geographic or administrative line, but a family united by the bonds of a living, active, clarity.

—Harmon and Elizabeth Salsbery

*O mark how pleasant and how good it is when
brethren dwell in perfect unison! It is like
finest oil poured on the head—down on the beard
it flows, on Aaron's beard, and down it flows
to his vestment's edge! 'Tis here the Lord
his benediction lavishes—aye, life to last
forevermore.*

Something new is on campus this year . . . a spirit of change
. . . new buildings . . . larger classes . . . also . . . friends of the
college . . . coming to the fore . . . Our color scheme, black and
white . . . a study in contrasts . . . compliments this change. To
this spirit, these people . . . we give our yearbook in . . .

Enrollment at Saint Joseph's is not finished in September At the beginning of the second semester many new students apply for admission and are accepted every year.

Harold Heuring, Harry Ragland, John Mahoney, Stephen Ollo, John Stefanelli, Nicholas Kitt, Dominic Di Carlo.

NEW STUDENTS

After going through the preliminary interviews and tests these new students are accepted in our community and begin their college career at Saint Joseph's.

CALUMET EXTENSION

Saturday morning class group pictured at the entrance of Bishop Noll High School. Father Walter Pax can be seen standing in the doorway.

Of the student body . . . but not in the student body . . . is a phrase . . . that adequately describes the relationship . . . between those attending the Calumet Center Extension . . . and the students on the St. Joe campus.

Founded to offer higher educational advantages . . . to this region . . . the Extension acts as an off-campus college . . . for people of many walks of life . . . not able to attend the college proper.

Social activities . . .
are considered . . . an essential part
of every liberal education . . .
and the Extension is no exception.
Many small gatherings are held . . .
throughout the year.

Committee members who worked on the Valentine mixer are (l. to r.): Rev. Joseph Smolar, Alec Lazur, Lillian Jefchak, George Kasardas, Mrs. George Kasardas, John Price, and Rev. James Birkley, Director of the St. Joseph's College Calumet Center.

One of the many advantages . . . of the Calumet Extension . . . is the in-service training . . . offered to full time teachers . . . interested in improving . . . their educational abilities.

Father Pax and Martin conducting a teacher training session

Wherever there is liberal education . . . the fine arts cannot be denied. For this reason . . . in the Extension . . . there are courses . . . designed to encourage the arts among the students . . . and to equip them with the ability . . . to express themselves in this medium.

"Open House" at the Art Studio

Camaraderie . . . is a very essential part . . . of any education . . . and this extension of our community . . . does not forget . . . to develop this part of the integrated man.

Art students relaxing in studio lounge

O God, you schooled me from my youth,
and even now I still proclaim your wondrous deeds.
Now too, when I am old and gray of hair,
O God, do not abandon me
till I proclaim to this and all the coming generations
that mighty arm of yours.

Combining the efforts
of religious . . . and layman . . . our
community . . . is privileged . . . to have . . .
at its head . . . men of outstanding ability . . .
who have made . . . the education of youth . . .
their life's work. A sincere . . . debt of
gratitude . . . will always . . . be owed to our . . .

The life . . . the Brothers-lead . . .
is as varied as the work . . . needed to
keep a community . . . running
smoothly. One of the more familiar
jobs . . . is that of assistant
postmaster . . . smilingly filled by
Brother Cletus.

All the buildings . . . must be
kept in good shape—cleaned and
polished—and this thankless,
but so important task . . . is
also filled by a Brother.

On the Collegeville farm . . .
the Brothers . . . too,
find ready work . . . for their
willing hands.

Responsible for the excellent meals at St. Joe's are:
SEATED: Sisters Jeane Bernadette, Appia, Stulitta,
Eutropia, Mary Anthony. STANDING: Sisters Gwen-

dylon, Casilda, Ethel, Emeliana, Joachim, Francetta,
LaVerne.

SISTERS, ladies in the true sense of the word,
who dedicate their lives . . . to God . . . with particular
devotion to the Precious Blood.

To come upon the Sisters . . .
chanting their office . . . is one of
the more delightful . . . and awe
inspiring . . . experiences of
Collegeville life.

Three time a day . . .
students go through . . . the
cafeteria line . . . and three
times a day . . . they are greeted . . .
with pleasant smiles . . . and their
very good meals.

A behind-the-scenes glimpse . . .
of some . . . of the work . . . necessary
to keep . . . our community
well-fed. The Sisters spend most
of their time . . . occupied in
just . . . such tasks as this.

The latest equipment . . .
is used by the Sisters . . .
to prepare the meals—
includes an oversized deep
fryer.

Oh Lord, make known your ways to me; and
teach me all your paths; O guide me to
obey your true demands; teach me; you are
my saviour God. In you I always trust.
Reveal your mercies, Lord, your kindness
from immemorial time.

The bond that unites . . . all the segments . . .
of our student community . . . lies in the pursuit . . .
of the intellectual. This is what the greatest
amount of . . . our time . . . and effort . . . is devoted
to . . . meeting the challenge . . . of the

ACADEMIC

Some . . . of the upper
level classes . . . are privileged . . .
to meet . . . in the library
conference rooms . . . where they can
take advantage . . . of
the latest equipment.

ACADEMIC

The classroom . . . where many an
hour . . . pleasant moment . . . and full
semester is spent . . .
gaining an education.

The Science Building . . . is not
the only place . . . where classes are
held . . . Journalism courses,
appropriately, are held . . . in the
Publications Building.

St. Joseph's
well equipped library . . . is
the center of practically all
academic activity . . . here
students are found . . .
doing assignments . . . extra
work . . . or just browsing.

When necessary,
there is . . . always an
aid to improvement . . .
especially in the
speech courses.

Much time is consumed . . .
and much experience is gained . . .
in the laboratories . . . by the
science students . . . who are
learning of the
mysteries . . . of nature.

ACADEMIC

Periodically throughout the year
. . . the student is given an oppor-
tunity to show the fruits of his
studying . . . through the medium
of an occupational hazard—
examinations.

A very popular course at St. Joe is one of the newer sciences . . . geology. Because of the nature of the study . . . field trips are the rule rather than the exception. Many hours, too, are spent . . . in the out-of-doors . . . occupied by such things as . . . map-making.

The theory . . . of Catholic education . . . that is held . . . in our community . . . is concerned with . . . the whole man. This does not deny . . . the physical side of man . . . which also receives its attention . . . in the curriculum.

The needs of the student . . .
are never forgotten . . . in our community . . . so there are
quite a few . . . aids open to anyone
interested enough . . . to seek these. Of particularly great help . . .
to the neophyte student . . . are
the clinics offered . . . in the many fields that are new . . . but
nonetheless . . . required . . . for a liberal education.

Reading is the basis

of all formal education . . . and fluency in this field . . . is
a must for the serious college student. Established . . .
not just to improve poor readers . . . but also to
make good ones better, the Reading Clinic . . . has gained
a very important place for itself . . . in a few short years.

ACADEMIC

Helping the student to find himself . . . by knowing . . .

where his capacities . . . and
interests lie . . . and then guiding
him . . . toward the objective of
the Testing and Guidance Bureau.

"Blest be the man who draws from you his strength,
while on a holy pilgrimage his mind is bent.
Cross such as he an arid vale, they change it to a place of springs,
and early rain will clothe it with its blessings.
They wend their way and grow in strength;
in Sion they will see the God of Gods."

Education at St. Joseph's . . . does not stop
with the shaping of the intellect. To develop
personality . . . to further leadership . . . and to bring men
of the same interests together . . .
is the purpose of the various . . .

policy represents a substantial change . . . from

REVIEW

BASEBALL

1954 I.C.C. CHAMPIONS

By edging the Butler Bulldogs
in the last game of the
year . . . the Pumas won
their first Indiana
Collegiate Conference
Championship.
In winning 14 out of

17 games . . . including 9
of 12 leagues games . . .
this Puma squad proved
itself to be
one of the finest
of all St. Joseph
baseball teams.

Members of the Conference Champions are: FIRST ROW: Al Greto, Bob Complo, George Smolar, Jim Hoess, Ted Ashburner, Bill Schulte, Gene Eifrid, Will Kellogg, Jack Phillips. SECOND ROW: Jim Gordon, Don Merki, Joe Horney, Ed Fox, Ray Meyer, Don Normandt, Dick Dwinell, Maurie Garvey, Tom Weber, Bob Wasni, coach Jim Beane.

In a close play at first base . . .
Puma pitcher, Ed Fox, is
retired by Indiana State.

Don Normandt crosses the plate . . .
to score one more run against
the Pumas' ICC rival . . .
Indiana State.

The throw from right fielder
Normandt . . . is not in time to
prevent this Lewis
baserunner . . . from scoring.

The committee . . . at the dance . . .
was not too busy . . . to pause
and have their picture
taken . . . with Father Otte . . .
class moderator.

Tables . . . were
provided . . . for all
the guests.

The sign of a good
entertainer—he does not
forget his public . . . Here
Ralph Marterie gives an
autograph . . . to a prom-goer.

A very active part of the floor . . . was the bar . . . glittering in silver and white . . . and providing the necessary refreshments . . . for thirsty dancers.

The penthouse was . . . of course . . . done in the latest modern decor.

The famous Marterie Band . . . played in front of . . . an enlarged copy . . . of the program cover.

PARENTSDAY . . . saw the campus
dressed up . . . to honor those who are
the patrons . . . councilors . . .
and financial backers . . . of the entire
campus . . . St. Joe's
mothers and fathers. This day, too,
is . . . an annual event . . .
allowing all interested . . . to come and
see . . . our community.

Reception in Raleigh Hall

GRADUATION

A St. Joe man . . . receives
his degree . . . and another . . .
Catholic college graduate . . .
is an actuality.

Honored guests for
the event . . . with
President Gross . . .
are: Bishop John Bennett,
Rep. Charles Halleck.

Pomp and
Circumstance . . .
and the . . .
last mile.

Ah well for you who fear the Lord and walk
the ways he has enjoyed. For you shall
eat the earnings of your own hands; you
shall be blest; it shall be well with you.
Your wife shall be as a fruitful vine within
the chambers of your home. Your children
shall be like to olive shoots ranged round
your board. Thus, mark, shall he
be blessed the man who fears the Lord.

St. Joseph's
owes much . . . to the many alumni . . . and friends . . .
who are filled with a spirit . . . of generosity . . .
toward its student community. These people . . .
back our efforts . . . in numberless ways . . . in
sports by spirit . . . in fund-drives by contributions . . .
in the yearbook by . . .

CRANE CO.

Ever since July 4th — way back in 1776 - - the atmosphere of the United States has been charged with a kind of electricity that sparked the human spirit in a way that has no earthly precedent . . . People, sparked with the electricity of opportunity, made America grow . . . July 4th, 1855. A young man — Richard Teller Crane — declared his independence. He was alone. He built his foundry with his own hands, making his molds from sand dug up from behind his building . . . making America grow . . . And so we will continue to grow . . . with our rich heritage, our opportunities . . . we've just started!

The nearby town of Rensselaer provides an ever present market for the needs of the Saint Joseph college students. Here a local merchant displays current college fads to a pair of collegiates.
